

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_82980
Title of the Manuscript:	ANTERIOR INFERIOR CEREBELLAR ARTERY INFARCT PRESENTING AS UNILATERAL DEAFNESS IN A YOUNG PATIENT
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ol style="list-style-type: none">1. In the Abstract please include demographic data and improve (increase) the description of the clinical data of the patient described.2. Typographical error in the Introduction should be corrected ("gediatric").3. Describe the acronyms used (ex: LMN, in the page 1)4. Did the patient develop headache at any time during the clinical course?5. What was the NIHSS score during hospital admission and at discharge?6. The authors should include in the Case Presentation the dose of the prescribed symptomatic therapy.7. Clearly illustrate with an arrow the ischemic stroke observed in Figure 2.8. Cerebral ischemia can also be the presenting manifestation of hematological diseases in young patients. This is a noteworthy clinical aspect that should also be emphasized in the Discussion (see and add this reference: Expert Rev Hematol 2016; 9: 891-901).9. Please check references #1, #2, and #3	
<u>Minor</u> REVISION comments	<ol style="list-style-type: none">1. Minor revision of the English language would be suitable.	
<u>Optional/General</u> comments	<p>The authors present an elegant clinical note reporting the case of a 39-year-old man with sudden unilateral deafness due to contralateral anterior inferior cerebellar ischemic stroke. The paper is interesting from a clinical point of view. Some amendments are suggested to improve the quality of the manuscript.</p> <p>The authors present a clinical note reporting the case of a 39-year-old man with sudden unilateral deafness due to contralateral anterior inferior cerebellar ischemic stroke. This case report is potentially interesting, but the manuscript can be improved according to the following suggestions:</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
