PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none">-the Abstract should include some of the conclusion of the paper-the Expectant management should be extended and should indicate that it refers to the natural abortion of the foetus.-the Diagnostic, and Complications part have to be extended-the Conclusions need a lot of work, because there are no specific conclusions to this paper.-where is the connection with the journals' scope? How does your study fit the scope of the journal?	
<u>Minor</u> REVISION comments	<ul style="list-style-type: none">-the English should be revised (professionally)- minor corrections have been marked in the text.	
<u>Optional/General</u> comments	A review of literature should include at least 50 references	

PART 2:
