Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The content of the manuscript is interesting, but the text has careless expression, the English language needs extension revision and correction , many sentences need rephrasing. The key words has to be written in full words, no abbreviations. All abbreviations have to be mentioned and explained from the beginning Ex. "disastrous complication" ; failure in anticoagulation (nor disappointment) ; no correlation instead of no affiliation ; noeatherosclerosis ? ; legitimate patient assessment ? etc. Patients under the age of 25-75 ??? References do not match the authors names , have to be checked and corrected, ex. 17 - Laura SM ? ; 20 – Yuzo Kagawa ?	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
