PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	The manuscript lacks scientific writing, and many issues need to be detailed clearly to make the manuscript lucid to the authors. Please see the manuscript with track changes to refer to some of them. The language needs a major revamp. A revised title has been suggested which would be apt and simpler related to the study. Abbreviations need to be expanded for the first time.	
Minor REVISION comments	Please refer to the manuscript with track changes.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)* This study involves human teeth. But the authors have not mentioned about the ethical approval. Hence, this should be included.
