PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|---|
| <u>Compulsory</u> REVISION comments | I would suggest to the author to focus on the analytical analytical QbD (so called DoE (design of experiments) also and include in this write-up along with some examples as a case studies with help of the available literature. | |
| <u>Minor</u> REVISION comments | Author written well about the Qbd, but not given any studies for the formulation development. | |
| <u>Optional/General</u> comments | I would appreciate the author for spending their valuable time on this write-up. Definitely, this work can give the clear picture to the research scholars in academic and beginners in pharmaceutical industry. | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
