PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. Title should be modified as corrected in word copy. 2. Introduction : is too extensive not required whereas the discussion should be more extensive. 3. Need of the study needs more justification. 4. Results : Pie chart is inconclusive. 5. Discussion : the need to do in north indians is not justified and what are the clinical implications of having hypermobility in adolscents needs clarification. 6. Possible solutions can also be added in discussion . which is missing. 7. Major references are unformatted.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
