This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Research theme is ok but write-up is poor. It should technical and written in an impressive way. In the Discussion portion findings of author research and survey should be discussed and findings should be defended in the light of other researcher's findings. All results should be managed technically and discussed properly. Results should be in table form too, expression of results only in the form of graphs doesn't look good impression to the reader. Try to include tables also.	
Minor REVISION comments	The corrections highlighted in the manuscript should be corrected.	
Optional/General comments	Overall quality of manuscript is acceptable.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
