PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Need to format paper according to Journal requirements Quite a good paper. In fact, the paper posits as a model to assess separation and loss. It uses a model and some concepts to identify the problem. In fact, the problem looks less like a subject. Possibly, through the assessment techniques a solution might be found.	
Minor REVISION comments	Figure 2: capitalise each word For figures used, mention if they are Author's source.	
Optional/General comments
