**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://journalsajp.com/index.php/SAJP/editorial-policy> )

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	Please see attached document for reviewer's comments.	
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments	The author/s should be more aware of grammar and punctuation in the manuscript. Authors should be stated using names not by numbers because the reader has to go through the references section to find out who is number [17]? This takes the reader away from the point in question.	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

**Reviewer Details:**

Name:	Shamala Moodley
Department, University & Country	Mangosuthu University of Technology, South Africa
